

ALIVE AT LAST

Where true freedom begins

Alive at Last was founded in 2011 to offer hope to survivors of sexual exploitation by meeting emotional, relational and spiritual needs. We are equipping the community to understand the impact of trauma and how to engage those who have suffered abuse.

Alive at Last restores the exploited and ignites change in our culture. We stand with and give voice to women who have experienced horrific abuse and violence from a world willing to buy and sell human beings. For those who feel they are merely existing or worse- forgotten, our unique model of relational intervention brings hope, healing and a feeling they are Alive at Last.

International Students, Inc. (ISI) mission is to serve and reach international students attending UT Dallas with the love and good news of Jesus Christ. What we do has been described as "*world missions in reverse*" as we welcome, befriend and minister to students God has brought right here to our community. ISI works in partnership with churches to connect their people with students for friendship, conversation and cultural learning. We serve students' practical, social and spiritual needs through airport pickups, welcome parties, rides to the grocery store, furniture giveaways, trips/retreats, English conversation classes, visiting American homes, and Bible studies. Join our wonderful volunteer team as we reach the world for Jesus Christ, Right Here, Right Now!

Jennifer Barlow

Providing Member Care through Greater Europe Mission (GEM) in Lille, France

What is Member Care and how does it fit into the Great Commission?

As a licensed professional counselor, I live in France and offer counseling to fellow Greater Europe Mission (GEM) missionaries living all over Europe. The goal is to provide biblically-based care in English close to where they're serving rather than sending them back to the States. This allows the cost of care to be relatively low and more easily accessible. A second goal is to care for them in a way that helps retain missionaries rather than losing and replacing them. If you think of the mission field as a spiritual battle field, my role is one of caring for the wounded so they can continue to fight. On a continent that is only 2.5% Evangelical Christian, the battle is real and God is working in incredible ways. I'm so grateful for the role God has called me to play in this part of His Kingdom!

For more information on Greater Europe Mission, visit:

Renod and Karen Bejjani

iHOPE raises awareness and whet's people's appetites for getting involved in the Great Commission- especially among Muslims and people of other faiths. Our sweet spot is to inspire and empower "everyday" Christians to be authentic Christian witnesses within their circles of influence.

Because we're donor-supported, we offer many resources for free. Sharing the Gospel with Muslims (and people of other faiths and cultures) is not a skill typically taught and most Christians don't realize the need.

iHOPE works alongside the Church, acting as a catalyst on a Believer's faith journey, prompting many to go on to take an active role in the great commission in the neighborhood, city and far-flung places all around the world.

Taking Jesus as He is to people as they are

Taking:

Taking means we have to go with the gospel of Jesus to where He needs to be known. For us that is to the 10-40 window where the majority of the unreached people in the world live. We carry the gospel personally, by establishing home groups among the indigenous people, providing access to the gospel over the internet and by praying constantly.

Jesus as He is:

We do not try to establish "platforms" for our ministries. Our message is simple. It is Christ born, lived a sinless life, died on the cross for our sins, and rose again on the 3rd day proving He has power over death.

To people as they are:

We do not build big churches and schools. We go into peoples homes and work places to share Christ with them. Where they are and how they are.

Hallie (Storrie) Horn

My name is Hallie Horn (previously Hallie Storrie). My husband, Michael, and I are Stateside Mobilizers with Launch Global. Launch Global's vision is to see workers (missionaries) sent out to the **unreached**, those who have **no access to the gospel**, in parts of the world like North Africa, the Middle East, Central and South Asia, and more. But our passion is to not only **send more workers into the harvest**, but to send them as **healthy** and **prepared** as possible. Launch Global does this by working within and **through the local church** here in the States, to **mobilize and train long-term workers**. We desire to see **indigenous, church planting movements** started in the places where there is no gospel presence today! Michael and I currently serve in College Station, Texas, where we are working to see individuals and families raised up, trained and sent out from this city. We plan to personally move overseas to the unreached within 4 years.

SAC ORPHANS

Ministry in the Former Soviet Union

John Neese

Several times a year, SAC takes 10-day mission trips to St. Petersburg, Russia, Estonia and Latvia in the spring, summer, and fall. We spend five to six days of ministry in an after-school program in shelters, orphanages, day centers, children's hospitals, and camps. In small groups our volunteers lead arts & crafts, sports and games, lead Bible lessons, and teach life skills to older orphans. SAC works to disciple and spend time with these orphans to build relationships so they can build upon their new faith in Christ. SAC returns to the same ministry sites during the year enabling a continuity of relationships so that orphans and at-risk children don't develop a further feeling of abandonment. More than that, SAC encourages local churches to be involved in orphan care through SAC as an outreach of their church that will help them develop their eager membership for leadership roles that serve to advance and strengthen their own church.

Matt and Christina Parsley

In our role as movement catalysts for Beyond, we are laser focused on seeing disciples and churches multiplying throughout unreached people groups. We are specifically focused on reaching the Japanese people, currently through catalyzing Disciple Making Movements (or Church Planting Movements) among the diaspora populations of Japanese in Malaysia, Southeast Asia and throughout the world. We aim to follow Jesus' model and the early church's model of making and multiplying disciples - searching for "persons of peace" (Luke 10), inviting their oikos (family or social group) to discover God through bible study, baptizing and teaching them to obey all that Christ commanded, including the command to make disciples themselves. We also invest a lot of time and effort into training and equipping other Believers to make disciples, who make more disciples, who make more disciples.

For more information on Beyond or to see how the Lord is using the Parsleys, visit

Janet Roberts

The vision of East-West is to glorify God by multiplying followers of Jesus in the spiritually darkest areas of the world. East-West exists to mobilize the Body of Christ to evangelize the lost and equip local believers to multiply disciples and healthy churches among unreached peoples and/or in restricted access communities. My role at East-West is ESL Training Coordinator which means that I train anyone who will be teaching English as a Second Language as a way to reach people for Christ. I also use ESL as a platform both at HGBC (director and teacher) and in China and France (pre-pandemic) which has now gone on Zoom where we now have students from all over the world. The goal is to share the Gospel thereby meeting the Spiritual need they have that they might not know about while meeting the need for learning English that they are seeking.

The purpose of SPARK Ministry is to Serve People And Reflect Kindness by ministering to the physical, emotional and spiritual needs of women in difficult life situations. We empower Christian women to serve others by putting their faith into action through short-term mission trips.

- Non-profit, non-denominational ministry
- Partnering with faith-based shelters across the U.S.
- Volunteers are Christian women, 21 years of age or older

To learn more about the mission and work of Spark Ministry, visit:

www.sparkministry.org

Stephany West

I work for a global ministry called Dynamic Church Planting International (DCPI). God has given us the vision to equip leaders to plant five million dynamic churches to reach the world for Christ. In Europe, where I work and live, that looks like training leaders to plant 1 dynamic church for every 1,000 people. Our mission is to find and train leaders in one of our seven free church planting training tracks to plant churches. We then equip those leaders to teach others how to plant reproductive churches. Our partnerships with leaders around the world exponentially increase the number of leaders trained and puts the vision, leadership, and stewardship for training church planters in the hands of indigenous leaders in their own church planting networks, language, and culture.

For more information on DCPI or to learn more about how the Lord is using Stephany, visit:

www.dcpieurope.org

or

dcpieurope.org/stephany-west/

Contacting Stephany is simple! Just email: swest@dcpieurope.org
